All preschool teachers
to have minimum
diploma qualification
by 2020.
(Ministry of Education)

DIPLOMA IN EARLY CHILDHOOD EDUCATION

The programme is aimed at preparing learners to meet the demands and challenges of the teaching profession at childcare and pre-school levels for both public and private centres. It is structured to enable graduates to acquire competencies in identifying the teaching and learning approaches for young children, and to be reflectively and professionally engaged in teaching-learning processes and experiences, curriculum planning, and aspects of management.

Adult learners study mostly online and to attend intensive revisions at their nearest authorised SEGi location once a month via our Blended Learning Approach that is customised to your needs. Study at your own pace and from anywhere, anytime, maintaining your work-life balance. Obtain a full SEGi University qualification similar to those who study full time. You will also get to meet and network with childcare providers and teachers to share experience and establish contacts.

CAREER OPPORTUNITIES

You can look forward to a rewarding and fulfilling career in various early childhood-related fields; including roles of teaching, management of a childcare centre or preschool, pre school management consultancy, educational product research and development. You will also able to find employment with private and International Schools with nursery or preschool classes.

ENTRY REQUIREMENTS

- SPM/SPMV with 3 credits
- UEC with minimum Grade B in 3 subjects
- O-Levels with minimum Grade C in 3 subjects
- SKM Level 3
- Any other equivalent qualification recognized by the Malaysian Ministry of Education

Students who do not meet their requirements but have a significant amount of related work experience may also apply.

AWARDING BODY

SEGi University

DURATION

3 - 6 years
