GLOBAL NETWORK

General
Guide 2021

UOW is one of the world’s best modern universities, with campuses in Australia, Dubai, Hong Kong and now in Malaysia.

Within Malaysia we offer a full spectrum of university level qualifications through UOW Malaysia KDU, including both undergraduate and postgraduate degree programs, as well as research opportunities to meet the emerging needs of the region. Students have the choice to complete their program within Malaysia or take advantage of our global campus network to experience living and studying offshore.

Our ambition for our graduates is that they will be ethical, agile thinkers who are competitive in a global economy and that their experiences at UOW will shape their sense of self as well as their future careers.

Wherever you find a UOW campus you will find a team focused upon making impact through working with industry, research partners, governments, and communities, to address society’s critical economic, environmental, social and medical challenges. Our researchers, graduates and teachers inspire a better future through education, research and partnership and they are recognised as some of the best in the world.

Where doors open

At UOW, we're big enough to matter, but small enough to care. You'll receive all the support and resources you need to find your purpose and chase your dream career.

Top 1%

University of Wollongong Australia ranking among the world's universities.

196th in the world – QS World University Rankings 2021

PERSONALISED

While UOW offers more than 200 undergraduate degrees, you're more than just a face in the crowd. Our lecturers are passionate, approachable and supportive industry leaders. Some degrees let you experience different study areas before specialising, while others let you choose multiple majors or electives as you progress. This flexibility ensures your degree is highly personalised.

A truly global university

UOW is a significant international player among Australian universities. Being a global university is about cultural diversity and the mobility of our students and teaching staff. It is also about preparing students for their roles in society and a global workplace.

The University of Wollongong (UOW) is a global network of campuses, students, graduates and academics. Our international focus is strengthened through a collaborative network of partners across the globe.

UOW is a truly global educator, delivering world-class teaching to students in the United Arab Emirates, Hong Kong, China, Malaysia and Singapore. We have formal agreements with more than 400 overseas institutions in 45 countries spanning research collaborations, teaching collaborations, credit arrangements, articulation arrangements, study abroad and exchange programs and offshore program delivery.

Studying at UOW is bigger than a degree, as a UOW student, you become part of one of the world's most respected young universities. This means connecting with people, ideas and knowledge from across the globe.

Global campuses

Beyond Australia UOW has campuses in the United Arab Emirates, Hong Kong, Malaysia, and a presence in China and Singapore. UOW has also established partnerships with a number of international education institutions to provide students with opportunities to access quality education delivered by UOW outside Australia.

University of Wollongong, Australia

UOW was founded on the donations of local people with a vision of a brighter future for our region. Since then, we've become one of the world's best modern universities, working with industry, research partners, governments, and communities, to address society's critical economic, environmental, social and medical challenges. Our researchers, graduates and teachers inspire a better future through education, research and partnership. And they are recognised as some of the best in the world.

uow.edu.au

UOW College Australia

UOW College provides pathway programs for students to gain entry to the University of Wollongong (UOW). UOW College also offers career ready qualifications in Nursing and Fitness to prepare students of all ages for upskilling in their current role or entry to the workforce.

UOW College is an integral component of UOW. Our students thrive from studying on UOW campuses, and have full access to the same academic support, accommodation services, sports, culture and entertainment facilities.

uowcollege.edu.au

The University of Wollongong in Dubai (UOWD)

One of the UAE's oldest and most prestigious Universities. Established in 1993 by the University of Wollongong in Australia, UOWD represents a pioneering Australian initiative in the Gulf region that has grown into a comprehensive, dual-accredited institution. UOWD provides a comprehensive range of undergraduate and postgraduate degrees in Business and Management, Finance and Accounting, Humanities and Social Sciences, and Computer Science and Engineering.

uowdubai.ac.ae

UOW College Hong Kong (UOWCHK)

Formerly the Community College of City University, has over 35 years of experience in providing quality tertiary education in Hong Kong. Since July 2015, the College has been in a formal alliance with the University of Wollongong (UOW), Australia, through which our students' horizons and learning experiences have been widened and enriched via visits by UOW academics or exchange programmes to UOW. Through UOWCHK, UOW offers top-up programs in Communication and Media Studies, Computer Science and Business.

International experience

Study abroad

UOW can take you all around the globe.

Why not discover the colourful cultures and ancient traditions of Asia, walk in the footsteps of historical legends in Europe, or join your Wollongong mates for a barbeque on the beach. While we think that Wollongong is the best place to be, where you can enjoy a hike in the mountains, a swim in the ocean and all the food, shopping and culture nestled in between, at UOW Malaysia KDU you have almost endless possibilities to see the world while you study!

If you have ever dreamed of seeing the world and immersing yourself in a new culture, a study overseas program can offer you an amazing educational adventure - and an experience that will last a lifetime.

Expand your horizons

- Enhance your employment prospects by graduating from UOW with an international edge - employers are increasingly placing a high value on international experience.
- Advance your studies and experience a truly 'international education' studying abroad helps you build valuable job skills, such as language proficiency, cultural training, tolerance for ambiguity, adaptability, and communication.
- Study at some of the most prestigious universities for teaching and research around the world – give yourself an advantage that others don't have.
- Develop a greater understanding of both your own and another culture as well as meet new people and develop life-long friendships around the world.
- Grow in self-confidence and become more independent, while learning more about yourself.

Partner universities

UOW Malaysia KDU progression pathways, articulation agreements and dual award programs with a number of universities allow you to continue your university studies abroad.

UOW Malaysia KDU campuses

UOW Malaysia KDU University College, Utropolis Glenmarie, Selangor

In January 2015, UOW Malaysia KDU University College moved to its new flagship campus at Utropolis Glenmarie, with its state-of-the-art facilities and a contemporary teaching and learning environment. UOW Malaysia KDU University College offers a wide range of programs at Foundation, Diploma, Degree, Masters and PhD levels, and has introduced bachelor degree programs that are at the forefront of growing industries, reflecting its promise of being a real-world learning institution meeting real-world needs. These include hospitality, tourism and culinary arts, game development and computing, communications and creative arts, business, as well as engineering.

UOW Malaysia KDU College, Utropolis Glenmarie, Selangor

UOW Malaysia KDU College, offers quality international programs with great student experience through its partnership with top universities around the world. Its close collaboration with top-ranking foreign university and education partners also ensures students of globally-recognised pre-university and bachelor degree qualifications that are equivalent to those awarded by the partners' home campuses. UOW Malaysia KDU students thus have the best of both worlds at their doorstep.

UOW Malaysia KDU Penang University College, George Town, Penang

UOW Malaysia KDU Penang University College began its chapter when it opened its doors to its first batch of students in 1991. Since then, the UOW Malaysia KDU Penang University College has grown by leaps and bounds. The George Town campus is located nearby the picturesque World Heritage Site of George Town. The University College offers a full spectrum of programs from Foundation through to Bachelors, Masters and PhD programs. Particularly known for its industry programs in Media studies, and Culinary Arts/Hospitality, the George Town campus also has programs in multiple fields including accounting, business, computing, engineering, nursing, public relations, and tourism. Now sitting proudly at Jalan Anson, UOW Malaysia KDU Penang University College is the most popular private tertiary education provider in the northern region. It has international alumni from 60 countries around the world.

UOW Malaysia KDU Penang University College, Batu Kawan, Penang

The Batu Kawan campus is the newest campus within the UOW Malaysia KDU network and brings for the first time an Australian higher education experience to Mainland Penang. The expansive 10-acre campus houses facilities that support the delivery of selected programs from 3 faculties, including graduate programs. The 3 faculties being the Centre for Pre-University Studies, School of Engineering, Computing & Built Environment, and the School of Business. Conceptualized as a green campus in a park environment, students are greeted with its generous landscaping the moment they enter the campus and are ushered into the vibrant educational learning spaces, including of an expansive library, scattered throughout the campus. The campus is located next to IKEA, the Design Village shopping precinct, and adjacent to the Batu Kawan Industrial Park. This ensures there is optimal collaboration with employers to provide students with opportunities to undertake internships and participate in professional activities. The Batu Kawan campus offers a full range of industry-focused programs from Foundation, through to Bachelor and postgraduate level.

Our campuses are comprised of collaboration spaces and discussion cubes, along with state-of-the-art lecture halls and classrooms to allow the most productive conversation and dialogue.

GENERAL GUIDE 2021

UOW MALAYSIA KDU

Student life

Vibrant Community

At UOW Malaysia KDU we believe that a vibrant campus life is integral to the international-style study experience available throughout our campus network. Through our Student & Alumni Centre (SAC), we promote youth engagement and youth leadership among students. UOW Malaysia KDU believes in a holistic approach for youth development and focuses on providing a non-academic experience for students, which enables youth to grow socially, emotionally and cognitively.

By encouraging involvement in soft skill development, UOW Malaysia KDU makes a positive impact on the lives of students and helps them to strive to be all they can be. Our student support services also aim to construct a strong sense of global citizenship amongst students and alumni, which helps build a shared sense of community values and practices.

Regular meetings between SAC and Clubs & Societies representatives are held for updates on their on-going activities. Our student support departments also work closely with the Student Council to nurture student clubs and associations, and to ensure that activities and programs are aimed at developing students in both a personal, and eventually a professional, capacity. Training/team building programs are also organised to motivate and grow students by forging healthy student networks. We also financially support selected activities/events/training. In addition, UOW Malaysia KDU provides students with a diverse selection of opportunities for practical experience through the numerous co-curricular activities organized throughout the year. Students are encouraged to participate actively in these activities, as they provide valuable hands-on experience in leadership and character development. The mission of SAC is to enhance the overall educational experience of students through participation in social, cultural, intellectual, recreational, community services and campus governance programs.

Youth Empowerment Plan

Recognised by
YB Dato' Hishammuddin Tun Hussein Onn
Patron of Institut Onn Ja'afar

The UOW Malaysia KDU Youth Empowerment Plan is aligned with the objectives of the Malaysia Education Blueprint 2015 – 2025 in the pursuit of embedding the six primary attributes of Ethics and Spiritually, Leadership Skills, National Identity, Language Proficiency, Thinking Skills, and Knowledge into student life. Our Student & Alumni Centre and Student Services Department are enthusiasts on educating students to adopt a healthy lifestyle, while maximizing learning experiences through the various action plans contained within the Youth Empowerment Plan. Each pillar of the Youth Empowerment Plan is crafted to produce graduates that possess attributes based on Career Exploration, Culturation, Fitspiration, Hatch Up & Sustainability.

Having completed the academic and Youth Empowerment Plan experience, UOW Malaysia KDU graduates' shine with key competencies that make them stand out from the crowd. The Youth Empowerment Plan complements our academic activities in creating graduates who possess a unique set of attributes-enhanced intellectual competency, professional acumen, effective communication skills, creative, critical thinking and problem-solving abilities, entrepreneurial spirit, as well as a global mindset. The Youth Empowerment Plan is tailor-designed to ensure our graduates are ready for industry.

Career Exploration

Aims to support and facilitate UOW Malaysia KDU students in developing future skills, abilities and passion in building lifelong sustainable careers.

Endorsed by

Culturation

Aims to encourage students to embrace their own cultural ideologies, values and also understand other cultures in order to spark a mutual respect in promoting diversity & inclusion.

Fitspiration

The amalgamation of the word 'Fit' and 'Inspiration' is one of our initiatives to inspire fitness into students' daily life. We aim to cultivate a physically and mentally healthy lifestyle in students.

Hatch Up

Aims to facilitate students in learning to develop entrepreneurial skills & mindset by supporting creativity, self-generated ideas and efforts in building their own businesses or services.

Sustainability

Aims to create awareness among students about the importance and need for sustainable efforts and personalised actions our students can take to make a difference.

Academic Schools

UOW Malaysia KDU's Academic Schools are the foundation of the institution and represent our commitment to providing world-class teaching.

Business

uowmkdu.edu.my/programmes/business/

We ensure that our business students are armed with the knowledge, insights and skills, and empowered with experience, so that they stand out in our ever-evolving globalised economy and help create an economically prosperous tomorrow. The academic experience at UOW Malaysia KDU is designed for students who not only desire to study business, but also to build the characteristics and confidence necessary for a real world experience. Our focus on communication skills, emotional intelligence, identifying strengths and pursuing passions prepare them to become driven and intuitive leaders.

Built Environment

uowmkdu.edu.my/programmes/built-environment-interior-design/

Built Environment refers to the man-made surroundings that give the setting to human movement, going in scale from structures and parks or green spaces, to neighbourhoods and urban communities. In other words, we are designing how humans interact with our surroundings. At UOW Malaysia KDU we focus on Interior Design and Architecture, and how we can make our surroundings sustainable and comfortable.

Computing & Creative Media

uowmkdu.edu.my/programmes/computing-creative-media/

Humanity is now standing at the brink of a technological revolution like no other generation has ever seen or encountered. This technology revolution will dramatically alter the way people live their lives from the way they communicate, to the way they do business. It will fundamentally alter the very fabric of society in terms of its scale, scope, and complexity. It is, therefore, a necessity to understand diverse measurements of digital technology as an essential part of the skill set and knowledge base for the next generation of talent. As we advance further in this hyper-connected world, digital literacy and technological knowledge becomes more a necessity than a simple advantage. We are witnessing technology which has been designed to mimic the way we think, imagine and create, permeate into our everyday activities. Understanding the interplay between computing and the highly immersive world of digital entertainment, UOW Malaysia KDU embodies the concept of “Technological Artistry”, an approach to merge creativity into technology, producing graduates who can bridge these two distinct disciplines that are in the forefront of innovation. Utilising a combination of strategic industry collaborations and academic partnerships, UOW Malaysia KDU aims to produce young computing and creative media talent that not only fulfil the needs of the industry, but help shape what it will become in the future.

Our academic programs allow you the opportunity to explore the boundaries of technology from the science of computing and technology, to the forefront of entertainment technology including video games, animation and visual effects.

Proficient teaching, creative classes, effective explanations, and engaging material that you get at UOW Malaysia KDU all contribute to your success in industry”

ALICIA TAN
BACHELOR OF SOFTWARE ENGINEERING (HONS)

Engineering

uowmkdu.edu.my/programmes/engineering/

In the modern world we live in, it is easy to see how complexities give rise to challenges, day by day. It is also remarkable to see how engineering marvels are created as the solution to those challenges. Engineers create the reality we live in today, by addressing complex technical problems and enhancing our quality of life through the advancement of science and technology. Creativity and problem-solving are at the heart of every engineering industry, and with such a pivotal role to play, qualified and skilled engineers are in escalating demand and will remain to be throughout the world.

Engineering courses at UOW Malaysia KDU are driven by a design-centric curriculum, training students to hone their complex problem-solving skills. Students are equipped with everything necessary to adapt to rapid changes in the engineering field with high ethical and professional standards while demonstrating stellar communication and leadership skills. Not only that, students also gain valuable hands-on experience by participating in real-world projects and have the opportunity to become a research assistant at an undergraduate level through our undergraduate research program.

Hospitality, Tourism & Culinary Arts

uowmkdu.edu.my/programmes/hospitality-tourism-culinary-arts/

Hospitality, tourism and culinary arts are all inextricably interrelated to the pursuit of fulfilling experiences. Dynamic and constantly evolving, the hospitality, tourism and culinary arts industries are bustling full of exciting employment opportunities, both locally and internationally.

These exciting service-focused fields require broad skills, knowledge and etiquette covering a range of areas; from front office management, hospitality and tourism geography, event management, food and beverage services, menu development and such for hospitality, to culinary essentials, food nutrition and production, culinary artistry, molecular cuisine, advanced butchery and various cuisine styles for culinary.

At UOW Malaysia KDU, students are taught in specialised facilities that mirror state-of-the-art, real-world environments. Our range of programs ensure graduates are armed with a combination of knowledge and skills for an industry that is a growing contributor to burgeoning economies.

“UOW Malaysia KDU offers an unparalleled learning environment in which students are engaged in a hands-on, realistic approach mirroring what to expect in the culinary industry. My experience at UOW Malaysia KDU exposed me to various cuisines, a vast spectrum of cooking techniques, and an opportunity to work directly with renowned chefs. The quality of the lecturer, and their cumulative experience in the field, laid the foundation on which I could build the confidence I needed in order to pursue my career.”

NICHOLAS TAN CHOON YEW
BACHELOR OF CULINARY MANAGEMENT (HONS)

“I have always wanted to be in a career that will make a difference in people’s daily lives, and the nursing profession allows me to do that. The UOW Malaysia KDU nursing program has a distinct plus-point in that many students are fully sponsored and enjoy a guaranteed nursing position upon graduation. This will be my future career path.”

NURSHAQINA BINTI TASIM
DIPLOMA IN NURSING

Health Science

uowmkdu.edu.my/programmes/health-science/

Nursing career opportunities are greater, more varied and the demand for qualified nurses has never been higher than ever before. As the health care field becomes increasingly complex and specialized, nurses are finding their careers more challenging. We deliver results with a 100% passing rate in Nursing Board Examinations in the 12 years since we started. Our students go to General Hospitals for clinical posting where they can gain a wide diversity of clinical experience. This is complemented by industry standard campus facilities ensuring our graduates are adaptive, equipped to think on their feet. Nursing is a financially lucrative and respected international career path. At UOW Malaysia KDU experience an international study environment alongside students from all over the world.

Law

uowmkdu.edu.my/programmes/law/

Law is one of the oldest fields of study, and remains as one of the most sought-after and widely respected programs in the world. A law degree is the first step towards a career path in the traditional legal sector, whether as a practicing advocate or solicitor. However, a Bachelor of law course is also one that opens many doors. The modern law graduate can move into a variety of positions not only confined to the courts but may also venture into government, the public sector, business, corporations and even in entertainment. As the legal profession grows more dynamic every day, there is a demand for law graduates who are holistic in their approach and global in their outlook.

At UOW Malaysia KDU, our emphasis on holistic education and real-world learning gives our students the best exposure in the study of law. We guide students to discover the role they are most suited for when studying law here. Our Bachelor of Laws (3+0) University of London International programme is tailored to help students develop their legal analytical, communication, problem-solving, critical thinking and research skills so they may excel in any career choice – whether as practicing attorneys, members of the judiciary or other legal professionals across a myriad of industries.

Social Sciences

uowmkdu.edu.my/programmes/social-sciences/

Social science subjects are united by a focus on understanding the workings of human society. This could mean becoming an expert in one sphere, such as business or sociology, or taking a more holistic approach to understanding the causes of social change, or the relationships between individual and state. Studying the Social Sciences at UOW Malaysia KDU will stimulate the curiosity, encourage you to seek answers to important questions and developing skills that need to engage around the world.

Pre-University Studies

uowmkdu.edu.my/programmes/pre-university-studies/

A good pre-university program ensures students are able to cope and have a smooth transition into university life, grounding them in the fundamentals of their foundation studies and preparing them to meet the challenges ahead.

At UOW Malaysia KDU, we are backed with years of experience in preparing students to meet the vigorous demands of tertiary education worldwide, and for our success thereat. Our pre-university & foundation studies courses are not only aimed at imparting knowledge but also at developing students’ skills set, confidence, character and integrity, providing students with the best possible head start in their university life.

Students within our foundation programs receive an offer letter guaranteeing them a place at the University of Wollongong Australia upon graduation

American Degree Transfer Program

uowmkdu.edu.my/programmes/american-degree-transfer-program/

The American Degree Program (ADP) is perfect for students who intend to study in an American-style liberal arts environment, as it is designed to prepare students with the skills and knowledge to continue their education in the United States. Designed as a direct route into a degree pathway, the ADP’s liberal arts education system is flexible, supports the spirit of inquiry and fosters a culture of idea exchange by focusing on critical thinking. This falls in line with the ideal that students will reach their full potential in the midst of a diverse environment they helped to create, which will open more doors to various communities around the world.

UOW Malaysia KDU was the first education institution to introduce the ADP degree program to Malaysians in 1983. As a pioneering educator in this field, we have enabled thousands of students to transfer to over 500 universities and colleges across the United States for over 38 years.

Intensive English Program

uowmkdu.edu.my/programme/certificate-in-intensive-english/

Learners will be able to acquire the core skills of listening, speaking, reading and writing in the course. These skills are taught in an enjoyable and activity-centred environment to make learning a pleasure. To further enhance English language skills and 21st century skills, project-based learning is introduced in this course. Working on projects in teams, learners not only reinforce their communication skills, but also strengthen their problem-solving skills, time-management skills, and research-gathering techniques using technological tools. With these combined skills, learners become autonomous drivers of their future.

At the end of this course, learners would have undergone a thorough grounding in all aspects of grammar and comprehensive training in the core skills which provide them with a solid foundation to facilitate better learning in the future.

Selangor & Penang

Short / Long Term Mobility Program

uowmkdu.edu.my/current-students/

The UOW Malaysia KDU Mobility Program enables students to experience the cultural melting pot of Malaysia while pursuing their studies. We believe that students from all walks of life should have the opportunity for a global experience to cultivate development of a broader mindset, cultural sensitivity, emotional resilience as well as gain valuable skills in relationship building.

Our Mobility Program is designed to uniquely blend overseas travel with cross-cultural experiences to produce global citizens who are able to think and act globally. Through being immersed within English speaking, multi-cultural Malaysia students gain knowledge in both the cultural and academic spheres. The program is quite flexible in nature, allowing students to move to UOW Malaysia KDU for as short 2 weeks, or for a longer such as a semester or a year.

Change that matters

World class people and places

UOW is solving the world's challenges through our onsite research facilities and institutes. From 3D printing human organs, to curing disease in new ways.

USING 3D PRINTERS TO MAKE ORGANS

Professor Gordon Wallace is leading research such as bio-printing cells, 3D printing prosthetic ears, and experimenting with stem cells, with the aim to create a living, growing organ for patients. It's where science fiction might soon become fact.

“

I wouldn't be game to say there's something that's just not possible. It may take some time and some genius, but we've got that genius in the next generation of researchers that are coming through.

PROFESSOR GORDON WALLACE

Learn more about our innovation and research including how you can have an impact: uow.info/research

VISUALISING HOW DISEASE COMES ABOUT

With Australia's most powerful microscope and a team of researchers, Distinguished Professor Antoine van Oijen is discovering more about humans at a molecular level – to literally see how disease comes about and find new ways to cure it.

“

Seeing and understanding what's happening at the molecular level will help scientists discover cures for diseases. It will unlock the door to an unprecedented understanding of how life works.

DISTINGUISHED PROFESSOR
ANTOINE VAN OIJEN

You can do so much

We are combining world-leading researchers and academics, modern technology and students – like you – to deliver real change to the environment, economy, society and culture.

You will be inspired to combine your passion with purpose and make a positive impact on society.

Equal 13th

in the world for economic and social impact in the Times Higher Education University Impact Rankings 2019

Global Challenges Program

The UOW Global Challenges Program exists to bring together expert teams in collaboration with industry, government and the wider community.

The magic happens when these unlikely collaborators, each from varying disciplines, find a shared focus for their passions.

The program has almost one hundred active projects working toward the UN Sustainable Development Goals – some of the most pressing global issues that affect us all.
