Our Student Experience

Understanding the Life of a Student Abroad.

What are the differences between the life in **OVERSEAS** and the life at **HOME**? Our student will share about their life there and also the **Difficulties** they face while living in a new environment. Such as how is the **Food Situation** and **Grocery Shopping** experience.

A photograph of three diverse students sitting on a grassy lawn in front of a brick building. On the left, a student in a red hoodie works on a laptop. In the center, a student in a white jacket reads a book. On the right, a student in an orange jacket reads a notebook. They are all smiling and engaged in their studies.

The Experience of Studying Abroad.

The **Different** experience in studying **LOCALLY** and **ABROAD**. Our students will cover the topic of the **Study Experience**, the **Environment**, and also their **Social Experience**.

A photograph of three people standing on a mountain ridge at sunset. The sun is low on the horizon, creating a warm, golden glow. The people are silhouetted against the bright light. One person in the center has their arms outstretched, pointing towards the horizon. The landscape consists of rolling hills and mountains in the distance.

The Attractions in the Country that you Study Abroad.

Of course you don't have to travel around but it is always good to Get To Know the Place around the University. Our students will also share a few **MUST GO** places in the country that they are studying in.
