

2026 Intake Open | SJTU Civil Engineering International Undergraduate Programme

上海交大船舶海洋与建筑工程学院 2026年2月15日 15:03 上海

上海交通大学
SHANGHAI JIAO TONG UNIVERSITY

船舶海洋与建筑工程学院
SCHOOL OF OCEAN AND CIVIL ENGINEERING

2026 Intake Open | Shanghai Jiao Tong University (SJTU) Civil Engineering International Undergraduate Programme

BEng in Civil Engineering—— Smart and Sustainable Construction

100% English-taught
World-class Double **First-Class** Discipline
80% Scholarship Coverage

Century-old Academic Legacy: Established in 1907, SJTU's Civil Engineering is a pioneer in China, leading in global rankings with strengths in smart construction, sustainable engineering, marine infrastructure and urban resilience.

Global-oriented Curriculum: 4-year undergraduate programme with solid foundations in math, mechanics & AI for engineering, plus cutting-edge content (digital twin, green building) and China-US-EU engineering standard training.

University-Industry Collaboration: Partnered with top global engineering consultancies and Chinese construction enterprises; real projects, industry expert lectures and practical graduation design.

International Faculty & Facilities: Global teaching team with rich engineering experience + state-of-the-art labs; international scholars & industry experts involved in curriculum design.

Diverse Career Pathways: Careers in global engineering, design, consulting, research & public sectors; expanded opportunities in digital twin, smart cities and new infrastructure.

Applicants: Non-Chinese citizens | High school diploma or equivalent | Strong math/science & English skills

Degree: Bachelor of Engineering (4 years)

Tuition : RMB 80,000/academic year

Scholarships: Multi-tiered schemes with 80% applicants coverage

Enrollment: September 2026
