Charity Fair
105th Anniversary

ORIGINS

Chong Hwa Independent High School Kuala Lumpur is renowned for its down-to-earth school ethos, excellent academic performance, diverse range of activities, and producing talented individuals. Since its establishment in 1919, the school has steadfastly upheld the education of our mother tongue, persevering through numerous challenges, and thriving to this day.

In order to adapt to modern challenges and foster innovation, and nurture individuals with advanced and diverse abilities, the school converted the vacant land behind it into a sports field in 1999. After nearly two decades, following extensive efforts by the school administration, approval was granted in 2018 to construct a sports facility on the same site – the 'Co-Curricular Activity Centre' (CCA Centre). This centre will feature a 200m running track, various ball courts (for badminton, basketball, and volleyball), an Olympic-sized swimming pool and other facilities, costing nearly RM40 million.

Since the project commenced, the school has organised fundraising events to secure construction funds. In 2019, we held a "Centenary Anniversary Charity Fair." Subsequently, events such as Million Ringgit to Chong Hwa (1.0 and 2.0), CHKL Charity Jogathon, a Gala Dinner, and Vision Night have been organised. With the concerted efforts of teachers, staff, and students, donations poured in continuously, ensuring the rapid progress of the project.

The CCA Centre exterior has currently taken shape, with the topping-out ceremony held on 21 March. An additional 8 million ringgit is still required for the project funding. Five years later, in conjunction with the 105th school anniversary, all the staff will once again brave the challenge to hold a charity sale on 31 August this year. We hope that people from all walks of life will donate goods, spread the word to attract businesses' participation, or sponsor the event by providing various forms of support. We sincerely hope for widespread participation, a plethora of donated goods, a bustling crowd, and the carnival meeting its targets, allowing for the early completion and utilisation of the CCA Centre. This way, a vast number of students will benefit, and the school's core values will be enhanced, thereby contributing to the cultivation of more talents for the nation and society.

The school would like to extend its sincerest gratitude to all sectors for their staunch support.

Sincerely,
The Board of Directors
Chong Hwa Independent High School Kuala Lumpur
